

Fun ways to learn: *Can You Find Me?*

Be creative. Look through different parts of the newspaper (in-print or online) for stories, features and images that spark an interest in your child and use that interest to have some fun. Here's an easy tip to help you have fun while you're helping your child learn:

Let your child choose a picture from the newspaper without you knowing which one. Have them describe the picture to you in as much detail as possible. Can you find the picture they selected? Change places and have your child find a picture you're describing to them.
