

A time and place for homework

Help your child with homework by setting a specific homework time each day, like after school or after dinner. Here's an easy tip to help your child learn:

Set up a “homework corner” that it is well lit and free of distractions, like TV and cell phones. Stock the area with supplies needed for homework (pencils, paper, ruler, etc.) Remember, your role as a parent is to provide support for homework, NOT to do the homework for your child.
